

RAT SNAP TRAP S05

COMPATIBLE WITH DUAL OR MULTIBOX RAT STATIONS!

RAT SNAP TRAP S05

The S05 trap is a modern guillotine for quick and discrete elimination of rats. The catcher works immediately – it does not crush the rodent. Thanks to a special bait container it is easy in use. Additionally, the attached lever allows quick and safe setting of the trap, and the convenient handle allows for contactless removal of the pest.

The S05 trap perfectly works with DUAL and MULTIBOX rat bait stations

Packaging:

1 carton = 50 pieces
